

Analyst / Consultant, Meerbusch or Frankfurt (DE)

Collenda is a leading specialist provider of software and services for credit and receivables management. Our first-class applications and our commitment to professional and technical excellence set us apart. Bringing together the former businesses of ABIT (Germany), Eurosystems and Cwize (Netherlands), Collenda is a growing European company of over 200 people. We are proud of our reputation, built over 30 years, as a customer-oriented service provider. Today, more than 700 clients including banks and financial service providers, medium sized enterprises, utilities, and public-law institutions rely on Collenda.

Will you become our new Analyst / Consultant (m/f/d) in the area of Professional Services - Banking?

What does the role involve?

- Analysis of business processes on the basis of software systems
- Development and conception of innovative software-supported processes in dialogue with our customers
- Accompaniment of solution implementation, training, consulting and support of users

What do we ask from you?

- Affinity to IT and IT processes
- Analytical and conceptual competencies
- Professional knowledge and ideally professional experience in the Financial Services Sector
- Professional experience with annual financial statements according to HGB and IFRS 9 is an advantage
- Abstraction capability
- Knowledge/experience in project work
- High commitment
- High ability to work in a team
- Willingness to travel

What we offer you?

You will be involved in the digitisation of processes on the basis of modern technologies. In projects with our well-known and professional customers, you will face challenges that will enable and support your personal and professional development. In addition to performance-related payment, the company offers you a highly independent workplace in a competent and pleasant team. Our innovative products and services and our strong market position promise the continuation of our company development, which has been successful for almost thirty years.

We also give lateral entrants an opportunity who would like to position themselves and develop into a new task in the co-design of the digital transformation in the service segment.

COLLEND A

Do you choose for Collenda?

Choosing Collenda means working for a market leader in customer-centric and highly integrated credit and receivables solutions. Collenda offers the industry's most innovative, customized value propositions around front-to-back credit processes for the digital age. We have a large customer base across Europe varying from Banks, Insurers and Corporates to Public sector. Using the latest technology, Collenda Solutions are flexible, easy to deploy and can integrate with any system and scales across many languages.

Collenda is developing itself constantly. With a group of enthusiastic employees in Germany and the Netherlands, we value a positive and informal working atmosphere with sufficient room for personal development. We feel it is important that you can perform at your optimum, in a healthy and professional environment. To achieve this we offer excellent office facilities, maintain short lines of communication and focus on both individual and team development to maximize potential.
